

# Pawan Baviskar

## RESUME

INDORE, Madhya Pradesh.

I am a dedicated professional with experience in [Web development], skilled in [Frontend Development] and known for delivering quality work. My adaptability allows me to handle new challenges efficiently, while my attention to detail ensures precision in every task. I work well in team environments, believing that collaboration leads to the best results. Strong communication and problem-solving skills enable me to keep projects on track and meet expectations. Always eager to learn and grow, I stay current with industry trends to provide innovative solutions. I am now seeking a role where I can contribute to a company's success.

### 1. Objective

A passionate and motivated fresher with a strong interest in website development and frontend design. Eager to apply my skills in HTML, CSS, JavaScript, and responsive design to create user-friendly and visually appealing websites. Looking for opportunities to learn and grow in a dynamic environment.

### 2. Skills

HTML & CSS: Proficient in creating responsive layouts, user interfaces, and web pages using modern HTML5 and CSS3 techniques.

JavaScript: Knowledgeable in using JavaScript for interactive elements, animations, and DOM manipulation.

Responsive Design: Experienced at developing websites that work seamlessly on desktops, tablets, and mobile devices.

Version Control (Git): Basic understanding of version control systems to collaborate effectively on projects.

Frameworks: Familiar with frontend frameworks like Bootstrap and CSS preprocessing like SASS.

### 3. Education

[Computer science]

[IGTR indore] – [2026]

### 4. Projects

#### Portfolio Website

Developed a personal portfolio website to showcase my skills, projects, and contact information. The site is fully responsive and optimized for various screen sizes.

#### Interactive Quiz App

Created a simple quiz app using HTML, CSS, and JavaScript that tracks user scores and provides feedback.

### 5. Certifications

Completed [Computer science] on [Web designing] focusing on frontend web development.

### 6. Hobbies & Interests

Web design trends

UI/UX design exploration
